Language)

English

OBJECTIVE

To apply for a job that may enhance my knowledge, skills, and capabilities. To be a member of an active organization that may provide me a stable tenure.

EMPLOYMENT HISTORY

June 2022 – August 2022
DyipPay Revolution Corporation | San Jose del Monte, Bulacan

Full Stack Developer Intern

While serving as an intern at a DyipPay Revolution company, I got the opportunity to work on a project. Although I am a full stack developer, I mostly concentrate on the front-end portion of a website intended for jeepney operators for them to track the income of the drivers. I used Laravel, and Vue.js which serve as my framework, we do agile meetings with my mentor on a regular basis during the duration of the internship to go over my progress, ask questions, and get comments on my work. By the end of the program, I had n developed my technical skills, my problem-solving and teamwork skills.

2019
BAP Construction and Development Corporation | Apalit, Pampanga
SHS Intern

During my internship, I was assigned to a role that involved working with architectural blueprints, ensuring precise scaling. My primary responsibilities revolved around accurate scaling of buildings from blueprints and verifying the conversions according to a legend I had created. In addition to scaling, I also used CAD to draw things such floor plan and other stuff. In response to the supervisor's request, I also used Photoshop.
